7. INVESTOR AND RISK PROFILE

CHOOSING YOUR MORTGAGE INVESTMENT FUND - When choosing a mortgage investment fund, two important considerations are your risk tolerance and return requirements. These considerations result in a trade off since most people want a high return with low risk. Unfortunately, a higher return usually means higher risk. Because of this conflict, choosing a mortgage investment fund is often a struggle between the risk you are willing to assume and the return you need to achieve for your financial goals. As such, the following questionnaire will help us assess your risk tolerance and return requirements so that we can work with you to help assess your suitability for this investment. Please refer to the Offering Memorandum which outlines the typical risks associated with this type of investment.

RISK ASSESSMENT - The following questions will be used to gauge your risk tolerance and possibly, provide a counterbalance to the return you will need to achieve in your mortgage investment fund. There are no right or wrong answers in this questionnaire – please check each answer which best indicates how you feel.

1) Which of the following statements would you feel most correctly describes your investment philosophy?		
a.	I cannot accept any loss in the money I invest. (zero risk tolerance)	<input type="checkbox"/>
b.	I prefer to invest in safer, lower return investments. (low risk tolerance)	
c.	I am willing to tolerate some ups and downs and associated risks with respect to the value of my mortgage investment portfolio to achieve overall higher returns in the long run. (medium risk tolerance)	
d.	My main interest is high, long-term returns and I am not concerned about short-term decreases in my mortgage portfolio, nor any associated risk. (high risk tolerance)	<input type="checkbox"/>
2) How would you describe your flexibility in meeting your financial goals?		
a.	I must meet my financial goals within my specific time frame.	<input type="checkbox"/>
b.	I hope to meet my financial goals by my target date, but I do have some flexibility to wait 1 to 2 years longer than my original target dates to meet the specific dollar requirements.	<input type="checkbox"/>
c.	I understand that I may not achieve my financial goals. If I have not met my specific targets by the original target dates, I will not be overly concerned. I will re-evaluate my goals and either postpone the realization of them to some future time or eliminate them altogether.	<input type="checkbox"/>

3) What is your anticipated investment time frame?

a.	0 – 12 months	<input type="checkbox"/>
b.	1 – 3 years	<input type="checkbox"/>
c.	3 – 5 years	<input type="checkbox"/>
d.	Over 5 years	<input type="checkbox"/>

4) Which statement best describes your investment knowledge?

a.	I have no knowledge and rely exclusively on my own financial advisor. (no investment knowledge)	<input type="checkbox"/>
b.	I understand basic investment principles and I do not actively follow the financial markets. (limited investment knowledge)	<input type="checkbox"/>
c.	I have general understanding of financial markets and follow their progress occasionally. (moderate investment knowledge)	<input type="checkbox"/>
d.	I have a good working knowledge of financial markets and follow the markets actively. (good investment knowledge)	<input type="checkbox"/>
e.	I have considerable knowledge, manage my own portfolio, and follow the financial markets daily. (extensive investment knowledge)	<input type="checkbox"/>

5) What are your main investment objectives?

If "other" please explain further:

7) Do you plan to borrow money in order to make this investment?

a.	Yes.	<input type="checkbox"/>
b.	No.	<input type="checkbox"/>
c.	Repay your loan in full plus any interest.	<input type="checkbox"/>

10. TERMS OF ENGAGEMENT

The following terms set out the relationship between Trez Capital Fund Management Limited Partnership ("Trez") and the applicant(s) named above (the "Client") and are intended to disclose any information that would be important to you with respect to your investment account.

CONFIDENTIALITY

Any information that the Client provides to Trez will be kept confidential by Trez. Trez will only disclose information to comply with any regulatory or legal requirements.

The New Account Application to help us understand your personal situation and your financial investment goals. We must gather relevant information about assets, liabilities and other details about your income tax and estate tax situation. Before we accept any investment from you, we are obligated to take reasonable steps to determine whether that investment is suitable for you.

We consider your information 'confidential' and we confirm that it will be used solely in connection with your proposed investment in one of the Trez funds or in a direct mortgage investment offered by Trez (the "Investment") and no information will be disclosed to any third-party without your prior written consent.

PRODUCTS – INVESTMENT ALLOCATION POLICY

You are free to invest in any financial products as per your choice. Trez offers several funds, some of which may only be purchased through securities dealers.

Trez receives fees from each of the funds, as set out in the relevant Offering Memorandum or Prospectus, or for direct mortgage investments, in the relevant mortgage participation and servicing agreement.

Each trade should be allocated fairly to each fund managed by Trez or its affiliates, to the extent they wish to participate, applying the following policy:

1. Each fund which could participate in a mortgage investment must be identified.
2. Mortgage investments must be allocated fairly.
3. Fees and expenses must be allocated fairly.

If the availability of any particular mortgage investment is limited, and that mortgage investment is appropriate for the investment objective of more than one fund, that mortgage investment will be allocated on an equitable basis.

Not all mortgage investments may be appropriate for all funds. Certain funds are designed to have different risk tolerances, and have different investment policies. Reasonable allocation of the same mortgage investment amongst funds may be determined by an evaluation of the cash position of each fund, the effect or risk and liquidity, and the general composition of the funds.

As a result, allocation of mortgage investments to Trez managed funds is a multi-step process, as follows:

1. All funds will be considered in accordance with each fund's investment criteria and investment funds that do not meet the investment parameters of a particular mortgage investment will be excluded from consideration as a recipient portion of that investment. For example:
 - a. if the loan is part of a joint venture where investors are to participate in ownership of real property, certain funds cannot invest;
 - b. Trez will not place certain funds into an investment in an unregistered mortgage;
 - c. certain funds have restrictions on the percentage a particular mortgage can represent of the fund's mortgage portfolio.

2. All funds that are identified as qualified recipients of a particular mortgage investment will be allocated a portion of the investment based on available cash at that time.

3. In the event that more than one fund is identified as a qualified recipient with available cash, Trez will take all the necessary steps to ensure that mortgage investments are fairly and proportionately allocated amongst the qualified funds. To ensure fairness:
 - a. Trez will look back at recent investment allocations, to ensure that funds which were unable to participate in past investments will participate in current investments;
 - b. consideration will be given to sharing mortgage investments proportionally having regard to the optimization of asset and geographic diversification of mortgage assets;
 - c. administrative efficiencies will be taken into account, so that, for example, a small loan will only be shared by a small number of funds.

On loan pay downs, Trez will attempt to pay down the investment of each account proportionately. However, Trez may choose to repay syndicated investors or internal companies first and have investment funds remain invested in the loan, as this keeps the investment funds invested. If Trez determines there is a higher risk to remaining in an investment, other considerations may apply.

In order to assist Trez to determine the suitability of an Investment for you, we ask that each Client answer the questions provided above in the section titled "Investor & Risk Profile."

RISK FACTORS

There are certain types of risk that a Client should consider when making an investment in Trez such as liquidity and marketability. An investment in a Trez product involves a number of risk factors and is suitable only for investors who are aware of the risks inherent in mortgage investments and who have the ability and willingness to accept the risk of loss of their invested capital and who have no immediate need for liquidity. There is no assurance of any return on an investor's investment.

Prospective investors should consult with their own independent professional legal, tax, investment and financial advisors before making an Investment in order to determine the appropriateness of the Investment in relation to their financial and investment objectives and in relation to the tax consequences of any such Investment.

Prospective investors should consider the following risks before making an Investment. Any or all of these risks, or other as yet unidentified risks, may have a material adverse effect on the return to investors, and include the following:

No Market – There is no market through which an Investment may be sold, and Trez does not expect that any market will develop in the future. Accordingly, an Investment should only be considered by investors who do not require liquidity. Investments are subject to onerous resale restrictions under applicable securities legislation.

Borrowed Money – Trez does not recommend using borrowed money to finance the purchase of securities as the use of borrowed money involves greater risk than using cash resources only. If you borrow money to purchase securities, your responsibility to repay the loan and pay interest as required by its terms remains the same even if the value of the securities purchased declines.

Retraction Liquidity – Investments may be retractable, meaning that Investors have the right to require Trez to redeem them, upon appropriate advance notice from the investor to Trez. However, different Investments have different restrictions on retraction, and the right of retraction may be suspended under the circumstances.

Absence of Management Rights – Investments do not carry voting rights, and consequently an investor's Investment does not carry with it any right to take part in the control or management of a fund's business.

STATEMENTS

Trez provides quarterly statements to all clients via mail unless arrangements have been made to provide the statement electronically. The quarterly statement includes number of units held, value per unit (\$/ unit), total value (\$) of units held, confirmation of any transactions and other information relevant to an investor. Should a client require an additional statement or updated statement he or she may contact Trez to have one mailed out.

A trade confirmation will be sent to clients after a transaction has occurred, as applicable by law. If you do not object, in writing, to the accuracy of a trade confirmation within 10 days of the date of receipt, Trez will consider the trade confirmation to be accurate.

Clients will receive an annual investment performance report. This report will include the annualized total percentage return for each account held directly with Trez. This report will show the annualized returns since inception and the one, three, five, and ten-year annualized return(s) of your account(s), where applicable.

CUSTODY

Trez's duty of care with respect to the property in your account shall be exercised with the same degree of care that it exercises in the custody of its own property or similar nature.

Computershare Trust Company of Canada acts as trustee for certain mortgage investment entities, which are Trusts, pursuant to the terms and conditions set out in the respective declaration of trust. Computershare Trust Company of Canada is also the custodian of the assets of various mortgages investment entities pursuant to custodial agreements. Computershare Trust Company of Canada acts as custodian for mortgages secured by real property in Canada. The custodian is the company which holds your assets and their involvement provides clients with an extra layer of protection. For mortgages secured by real property in the United States various related party bare trustees of Trez Capital Limited Partnership ("TCLP") act as custodian. Your assets are registered in your name and Trez is not authorized to transfer assets into or out of your account nor does it have access to your assets.

Assets held by a custodian may potentially be at risk of loss: (i) if the custodian becomes bankrupt or insolvent; (ii) if there is a breakdown in the custodian's information technology systems; or (iii) due to fraud, willful or reckless misconduct, negligence or error of the custodian or its personnel. Trez completes due diligence with respect to each custodian's reputation, financial stability, relevant internal controls, and ability to deliver custodial services. Trez believes that each custodian's internal system of controls is sufficient to manage risks of loss to our clients in accordance with prudent business practices.

CONNECTED ISSUER

Trez, when acting as an exempt market dealer in selling securities of an investment entity formed by Trez, may also be the Manager of that investment entity or an affiliate of the Manager of that investment entity, and consequently, the investment entity may be considered a "connected issuer" of Trez, within the meaning of applicable securities legislation.

CONFLICTS OF INTEREST

During our normal business activities, Trez has the responsibility to deal fairly, honestly, act in good faith, and act in the best interest of our clients. Trez recognizes that there is potential for conflicts of interest to arise between the interests of our clients and the interests of the firm.

Trez will manage potential conflicts of interest in the best interest of the clients. Trez will take reasonable steps to identify existing and reasonably foreseeable material conflicts of interest and address them in the best interest of the clients. Trez will disclose any material conflicts of interest to the client in a timely manner upon their identification so the client may factor it into their decision-making process. Depending on the circumstance, and in cases where material conflicts of interest cannot be addressed in the best interest of the clients, it will be avoided.

DISCLOSURE STATEMENT FOR CONFLICTS OF INTEREST

Under certain circumstances, Trez may deal with you in transactions where the issuer of the securities is a related issuer and connected issuer. As these transactions may create conflicting interests between Trez and yourself, we are informing you of the relevant relationships and connections relating to the transactions.

An entity is considered a "related issuer" if the entity is an influential security holder of Trez, Trez is an influential security holder of the entity, or both Trez and the entity are related issuers of the same entity. A "connected issuer" is a party that distributes securities and has a relationship with Trez that may lead a reasonable prospective purchaser of the securities to question if we and the issuer are independent of each other concerning the distribution of such securities.

As is common in the investment industry, Trez has relationships with both related issuers and connected issuers. Certain principals of Trez will be the principals of the general partners of the entities in which the Trust invests. The issuers will be managed by Trez who acts as the Investment Fund Manager for the issuer. The Trust is a connected issuer and a related issuer of Trez.

When investment companies have multiple related businesses, compensation received from a related party could influence investment recommendations. Trez is in a similar situation as it could recommend investments in a related party. To manage this conflict of interest, Trez and the dealing representative are required to only recommend an investment when it is in the best interest of the client to do so, based on the know-your-client information that has been provided. Additionally, at the time of the account opening or recommendation, we will disclose (e.g., offering memorandum) the fact that the issuer is a related issuer and connected issuer to Trez.

TRUSTED CONTACT PERSON ("TCP") AND TEMPORARY HOLD

Trez requires to ask you for the name and contact information of a person that you trust, has the ability to communicate and engage in potentially difficult conversations about your personal situation and preferably is not involved with making decisions with respect to your account at account opening and on a periodic basis.

If applicable in your particular circumstances, we may, in our sole discretion, contact your TCP or your legal representative on file with us, if we notice signs of financial exploitation or if you exhibit signs of diminished mental capacity for decisions involving financial matters relating to your account(s). Trez may also contact your TCP to confirm your contact information if we are unsuccessful in contacting you after repeated attempts, particularly if failure to contact you is unusual. We may ask the TCP to confirm the name and contact information of a legal representative (e.g. attorney under a power of attorney or a legal guardian). You can change your TCP by contacting your dealing representative.

You have agreed to (i) notify the TCP that you have identified them as your trusted contact person, and advise us if they decline to serve as your TCP; and (ii) release us from all claims that relate to any decision we make regarding whether or not to contact the TCP, in your personal circumstances, and any information that we may share with the TCP.

If you want to replace your TCP and appoint a new one, please contact your dealing representative and they will provide you with the appropriate form to allow you to identify your new TCP. By designating a new TCP, you will revoke all prior designations. We will rely on the most recent TCP appointment in our files.

You are not obligated to designate a TCP. If you do not wish to designate a TCP, please indicate this in the appropriate checkbox in the TCP section. In making your decision, please consider that the purpose of the TCP is to allow us to release confidential information to someone you have selected if we have concerns about your welfare. Without your permission, if a situation arises in which Trez has concerns about your welfare, we will not have the option of trying to resolve these concerns by communicating them to the TCP. In the worst case scenario, this could lead to a situation in which Trez is obligated to stop or refuse transactions in, or place a hold on, your account while we take the steps necessary to meet and address our concerns.

If Trez has a reasonable belief that you are being financially exploited or that you are experiencing diminished mental capacity which may affect your ability to make decisions involving financial matters relating to your account(s), Trez may place a temporary hold on your account or a particular transaction, in appropriate circumstance permitted by law and will provide you with a verbal or written notice explaining the temporary hold, in addition to contacting your TCP, if any, as above. Trez will review the facts behind placing the temporary hold on a regular basis to determine whether the temporary hold should continue.

The Investor understands that the purchase of the Units involves risk and should only be considered by persons who can bear the loss of their entire investment.

- (l) Status of Investor. The Investor has such knowledge, skill and experience in business, financial and investment matters so that the Investor is capable of evaluating the merits and risks of an investment in the Units. To the extent necessary, the Investor has retained, at his, her or its own expense, and relied upon, appropriate professional advice regarding the investment, tax and legal merits and consequences of this subscription and owning the Units.
- (m) Not a U.S. Person. The Investor is not a U.S. person (as such term is defined in Regulation S under the Securities Act of 1933 (the "**1933 Act**")), which definition includes an individual resident in the United States and an estate or trust of which any executor, administrator or trustee is a U.S. person, and is not purchasing the Units for the account or benefit of a U.S. person, and it was not offered the Units in the United States, and did not execute or deliver this agreement or deliver payment for the Units in the United States.

To the best of the Investor's knowledge (i) none of the subscription funds to be provided by the Investor (A) have been or will be derived from or related to any activity that is deemed criminal under the law of Canada, the United States of America, or any other jurisdiction, or (B) are being tendered on behalf of a person or entity who has not been identified to the Subscriber, and (ii) it shall promptly notify the Trust if the Investor discovers that any of such representations ceases to be true, and to provide the Trust with appropriate information in connection therewith.
- (p) Fees. The Investor acknowledges that the Trust may pay a sales fee to registered dealers or, where permitted, non-registrants, of up to 1.0% of the Subscription Price of the Units. The Trust will also pay an annual servicing fee equal to 1.00% per annum of the Subscription Price of the Units to registered dealers in respect of the Series A Units, payable quarterly in arrears. The amount of this fee will be deducted from distributions to Series A Unitholders. The Investor further acknowledges that the Manager is entitled to certain fees.

YOU ARE BUYING EXEMPT MARKET SECURITIES

They are called *exempt market securities* because two parts of securities law do not apply to them. If an issuer wants to sell *exempt market securities* to you:

- the issuer does not have to give you a prospectus (a document that describes the investment in detail and gives you some legal protections), and
- the securities do not have to be sold by an investment dealer registered with a securities regulatory authority.

There are restrictions on your ability to resell *exempt market securities*. *Exempt market securities* are more risky than other securities.

YOU WILL RECEIVE AN OFFERING MEMORANDUM

Read the offering memorandum carefully because it has important information about the issuer and its securities. Keep the offering memorandum because you have rights based on it. Talk to a lawyer for details about these rights.

THE SECURITIES YOU ARE BUYING ARE NOT LISTED

The securities you are buying are not listed on any stock exchange, and they may never be listed. You may never be able to sell these securities.

THE ISSUER OF YOUR SECURITIES IS A NON-REPORTING ISSUER

A non-reporting issuer does not have to publish financial information or notify the public of changes in its business. You may not receive ongoing information about this issuer.

For more information on the exempt market, call your local securities regulatory authority. If you live in British Columbia, contact the British Columbia Securities Commission at (604) 899-6500, (outside the local area, call toll-free 1-800-373-6393), or visit its website at www.bcsc.bc.ca.
